

Join us for the 3rd Annual Birth to 22 Business Breakfast!

You don't want to miss the annual Birth to 22 Business Breakfast! Join us [Friday, April 17](#), to make a difference for all our children in Palm Beach County.

"Birth to 22: United for Brighter Futures" is the premier Alliance leading the healthy growth, development and education of Palm Beach County children and youth, prenatal through adulthood, so that they can graduate from high school and succeed in life. The Alliance aligns community business needs, existing coalitions and organizations that serve youth, and our young people.

Last year's breakfast sold out early, so please register soon. The registration link below also includes exclusive sponsorship opportunities.
