

DIESEL MECHANIC

Diesel Mechanic Job Description

- Read work orders and meet with internal customers to explain the repair process
- Map out work procedures using technical manuals and charts.
- Read and interpret diagnostic results to identify problems and determine the solution.
- Inspect various parts of vehicles, including transmissions engines, steering mechanisms and brake systems, while following checklists to ensure all important parts are examined.
- Replace malfunctioning parts.
- Perform basic maintenance and care, including tire rotations, oil changes and checking fluid levels.
- Test-drive vehicles to ensure everything is working properly.

Experience

- You have a high school diploma or equivalent
- You have experience working with diesel engines
- Ability to lift up to 50 pounds without assistance on a regular basis
- Good vision
- Strong verbal communication skills
- We would prefer two or more years of experience as a diesel mechanic

Benefits

- 401K Plan – Typically we match 100% of Employee contributions up to 15% of your base salary so you can relax and retire one day.
- 100% employer-paid health insurance for employees and contribution toward “family” coverage
- Life insurance
- Short-term and long-term disability insurance
- Generous paid time off program

About FINFROCK

FINFROCK is Central Florida’s #1 Design-Builder. With in-house architects, engineers, manufacturing, and construction professionals all working together under one roof, we lower project costs, accelerate schedules, and greatly reduce a client’s overall building risk. For over 75 years, FINFROCK has served clients throughout Florida and nationally. Our award-winning track-record includes delivering buildings, structured parking, hotels, and mixed-use residential complexes as a complete, finished product—not just a series of services. The firm has designed, manufactured, and built hundreds of projects for leading organizations in the United States, is highly ranked among the top firms in the industry and is the recipient of multiple awards for design excellence.

A role at FINFROCK is an opportunity to be a part of something different. Every position within FINFROCK offers challenging opportunities, professional growth, and the excitement of seeing the results of your hard work being built before your eyes. Do innovation, collaboration, and the pursuit of knowledge drive you? As we continue to grow, we are always looking for hard working individuals to join our team. You may just be the person we need! We are currently seeking a Diesel Mechanic.
