About the Academy

The Housing Leadership Academy is a comprehensive 9-month program empowering leaders to tackle the urgent issues of housing and homelessness in Palm Beach County. Participants will dive into local challenges, engage with the Continuum of Care, and explore real-world strategies for prevention and intervention.

Topics include affordable housing development, workforce housing gaps, and data-informed solutions. The program champions inclusive housing plans and demystifies funding streams—from federal and state sources to local initiatives and CRAs. Through interactive panels, expert-led discussions, and peer collaboration, the academy fosters bold thinking and collective action to create sustainable, equitable housing opportunities for all residents.
