Event Details

Join the Community Foundation for Palm Beach and Martin Counties, Florida Nonprofit Alliance, Florida's Philanthropic Network, and members from the U.S. Census Bureau and Palm Beach County's Complete Count Committee to learn about the impact and importance of an accurate 2020 Census.

Data collected from the 2020 Census will directly affect Florida's representation in Congress and electoral-college votes, and the annual federal distribution of \$700 billion to states, cities, and vital human services programs from 2020 to 2030.

This distribution of dollars directly impacts the work of the independent sector and our participation will directly impact our communities for a decade.

DID YOU KNOW?

- As a result of an undercount in 2010, **Florida left \$177,848,466** on the table?
- This will be the first **online** census!
- More than one third (33.2%) of Florida's general revenues come from federal aid (\$25.5 billion). Without an accurate Census, **Florida residents could be denied the full funding they deserve and need** – and elected officials won't be able to make informed decisions for constituents for more than a decade on a range of issues.

FAQs

What are my parking options at the event?

The entrance to the building and parking lot is between Tanglewood Court and Trinity Place. You may park in any of the available spaces.

Do I have to bring my printed ticket to the event?

No, we will have registration details available at the event.
