Celebrating 5 years of student-led philanthropy.

After much deliberation from our panel, we are pleased to announce the 8 projects that will be presented during our 5th Annual Live Finals Event. The presentations will take place on stage, in-front of a live audience and streamed to the world, as our Philanthropist-Investors decide which projects they will mentor, award, and how much funding these teens will receive for their community betterment idea. Completing our extremely thorough application is an accomplishment in itself and we thank all the teens who submitted a project.
