## Healthier Glades Community Outreach Coordinator

Healthier Glades is the newest of the six communities funded by Palm Health to create equitable health outcomes in behavioral health. Healthier Glades is still engaging residents to solidify their focus areas. During a 'Let's Talk' held on September 17th, resident indicated their Glades community lacked resources, employment, healthcare, affordable housing, healthy and safe activities, and healthy food options. Year one will continue efforts to refine what access to care and resources around basic needs looks like, piloting two communication formats (newsletters and social media), and the connections of residents to employment, education, and healthy food opportunities. When residents are clear about the opportunities to save money on healthy foods, have gainful employment, and live in safe housing they will be better able to spend within their household budgets, create savings, and move out of poverty.

**Member Duties :** In year one the Healthier Glades Community Outreach Coordinator will assess the current stakeholders to maximize opportunities that will increase community ownership/buy-in. Member Duties Include: \* Develop a resident/stakeholder matrix database with a focus on capturing resident talents, skills, and passion – something compelling enough to move someone to take action. \* Create a social media process to build the awareness of opportunities to residents who do not have access to resources. \* Develop of a 'Community Plan' inclusive of all data derived from residents to understand how access to opportunities, healthy activities and food, and a changed mindset will move them from poverty to prosperity. \* Pilot and publish a newsletter template based on various trainings and opportunities available in the Glades that connect to the lack of opportunities, lack of healthy activities, and changing mindsets and habits.

**Program Benefits :** Childcare assistance if eligible , Living Allowance , Training , Choice of Education Award or End of Service Stipend , Health Coverage\* , Relocation Allowance .
