Dear Friends,

On June 18<sup>th</sup>, Palm Beach County Property Appraiser Dorothy Jacks made a presentation on county property values to the Board of County Commissioners. She shared wonderful news about the rise in property values in the Glades: from 2018 to 2019, taxable property values increased an estimated 5.84% in Belle Glade, 5.96% in Pahokee, and 2.55% in South Bay!

There has been significant investment in housing and infrastructure in the Glades region by the County and our state and federal partners over the past several years. This has helped attract industry and new developments. I want to thank our partners for helping us set the stage for this significant rise in Glades property values.

The results seen thus far are just the beginning, and I look forward to sharing with you additional great news as we continue bringing results to the Glades!

Sincerely,

Melissa McKinlay  
District 6 Commissioner  
Palm Beach County
