

The Recovery Research Network (TRRN) in collaboration with Palm Beach Sheriff's Office - Corrections Division (PBSO) and Southeast Florida Behavioral Health Network (SEFBHN) is launching a substance use disorder treatment program located within the West Detention Center in Belle Glade, FL for inmates.

The **Therapist must be Licensed in Florida** with LMHC, LMFT, or LCSW or licensed psychologist and comfortable working within a correctional environment. The Therapist should have experience providing quality care to patients in need of substance use disorder treatment and a passion to work with this population.

The program utilizes a unique treatment platform designed to drive superior patient outcomes and build an efficient and effective paradigm for treating substance use disorder and reducing recidivism within the criminal justice system (CJS).

The Therapist will report to the Clinical Director.

As part of the interdisciplinary team, the licensed therapist will provide assessment and evaluation services, formulate effective treatment plans and conduct individual and group therapy and case management services.

The licensed Therapist is responsible for ensuring that the needs of the patients are met in accordance with the center's policies and procedures, federal and state regulations and applicable standards of care.
