Simple Ideas & Mindfulness

Make Time For Self-Care

- Learn something new
- Laugh often- watch comedies
- Find a way to "connect" each day
- Turn off the news!
- Make sure information you find is from a reliable source
- Learn how to boost your immune system.
- Get enough quality sleep and rest
- Take the time to exercise
- Don't deprive yourself of a little comfort food- but lean towards fresh fruits & vegetables
- Simply breath! Breath work can reduce anxiety while enhancing the health of your lungs.

Get "grounded" in nature. Whether in meditation or for exercise- this may lift your mood and help you to sleep better.

A nice cup of hot tea & a good read...can be enhanced by nature. Patio, porch or park- nature can uplift your spirits while providing a sense of grounding.
