

Big news!

The Back To School PBC! event team is excited to announce that we are **extending the registration until May 8th**, in an effort to allow *even more* students to attend the event!

As you may already know, the Back To School PBC! event allows for students Kindergarten through 12th grade to participate in an annual event, where backpacks are distributed for free, along with all of the necessary school supplies to help get your children through the school year. In addition to these resources, which are provided throughout 4 designated sites across Palm Beach County, we offer even more resources, which vary by location. This includes **haircuts, school uniforms, sneakers, socks, blood tests, biometric health screenings, vision screenings, dental screenings, hearing tests** and other health-related resources. We will have nonprofit agencies on site at most locations so that parents can find out additional programs being offered, which may include services such as helping you enroll for Medicaid or to apply for free/reduced school lunch.

We encourage you to sign up today, if you haven't already, by visiting www.backtoschoolpbc.org. If you have any issues, please email ocrnews@pbcgov.org. Please don't delay, to ensure your spot in one of the hottest FREE back to school events within Palm Beach County.

Sincerely,
The Back To School PBC! event team
